

Scouts | Terrain

How to use different languages

Using Scouts | Terrain in languages other than english:

Step 1

Install the Google translate web extension to your browser:

For Chrome browser, install Google Translate by Google

There are similar extensions for firefox, edge, safari, and opera that can be searched for and installed

Step 2

Visit Scouts|Terrain as you would normally – <https://terrain.scouts.com.au>

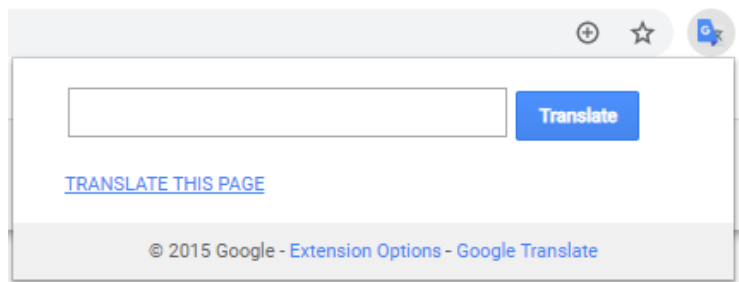

Step 3

To the right hand side of your URL bar – you can see the Google Translate button

Step 4

Click the Google Translate button and then 'Translate this page'

Step 5

Choose the language you wish to translate Scouts|Terrain into

Step 6

Contine to browse Scouts|Terrain in your chosen language

It works on pr.scouts.com.au as well!
