

# SCOUTS | TERRAIN

## The latest news and information

27 April 2026

Work has continued Scouts|Terrain to address user reported issues and continue to evolve the platform.

Updates released 27 April include

### Members

- Record Achievements
  - Ability to skip and manage Outdoor Adventure Skills stages
  - Correct issue where additional credits are imported to complete milestone requirements, so members are able to review and submit their milestones
- Group Life
  - Add message relating to issues with calculations on Group life page (ongoing)
- Members
  - Improve members table to show different unit memberships and roles on different lines
  - Enhance patrols table to show the unit a patrol is part of
  - Ability to manage patrols for the unit

### Achievement Pathways

- OAS Pages – order OAS on the overview page by awarded date
- Fix issues with edit/delete buttons for Introduction to Section on mobile devices

### Accessibility

- Keyboard focus improved on additional screens
  - OAS I-Statements

### Programming

- Rectify issue where logbook entries were not complete by enforcing key data to be entered for logbook entries
- Fix edit button for Step 3 on event plan to link to the correct part of the form
- Fix a bug preventing deletion of logbook records

### Other

- Support/help button moved to footer to reduce obscuring of content
