

SCOUTS | TERRAIN

The latest news and information

25 June 2026

Work has continued on Scouts|Terrain to address user reported issues and continue to evolve the platform. Updates released 24 June include:

Members

- Group / Unit Life
 - Unit life table has now been expanded
 - Unit life table now updates data correctly, fixing an issue where out of date data displayed
- Added a restriction on placing members into units until the baseline is completed to ensure no impact on Milestones is caused

Achievement Pathways

- Introduction to Section and Scouting can now be directly awarded from the Record Achievements function
- Milestones can now be awarded in Record Achievements if in progress or review and when the previous stage is not required, approved or awarded
- Adventurous Journey plans can now be viewed after the Journey has been approved as completed

Accessibility

- Improved content layout on achievement pathways pages
