

SCOUTS | TERRAIN

The latest news and information

July 2026

Work has continued on Scouts|Terrain to address user reported issues and continue to evolve the platform. Updates released in July include:

Members / Units / Patrols

- Members
 - The process for adding members to Units who haven't been baselined has been updated. Baselines can be entered by members external to the home Group.
 - A fix has been implemented for the error when a baselined member was not being identified as baselined in the 'Add Member' function
- Record Achievements
 - When awarding an Outdoor Adventure Skill with this method, a 'section achieved in' is now required
- Approvals
 - Submission interface has been updated to provide better visibility on a submission

Group / Unit Life

- Adult leader details no longer included in Unit Life table
- Peak award progress % fixed

Accessibility

- Links on adult basecamp improved to increase accessibility
